JRC SOFTWARE SOLUTIONS

Since 1995, JRC has been a leader in tailored business software solutions. We offer end-to-end services to enhance business operations across various industries.

Our Expertise:

Comprehensive software for retail, franchises & distributor network, manufacturer and multi-location businesses, Logistics, Dairy and Defence Institutes. Order processing, Delivery chalan, Quotation, Proforma Invoice, Sales, Logistics, Process planning, Data Analytics and many more.

Seamless Integration:

Our solutions work with QR-Code, Barcode, RFID devices, Smart cards, Touchscreens, Kiosks, Weighing Machines, and Biometric detectors for efficient operations.

Client Commitment:

We build long-term relationships, helping clients to stay ahead with innovative technology solutions.

Why Choose JRC software?

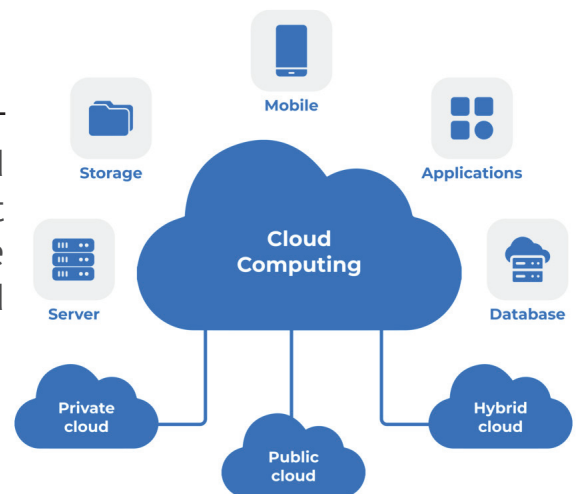

Choosing JRC software for accounting and financial management enhances efficiency and accuracy, while offering comprehensive support. This solution covers all key aspects of financial management, improving your business's financial health and operational effectiveness.

Why Choose Cloud Software

Embrace JRC software and take the next step toward efficient and secure financial management. With robust user access controls and data encryption, JRC software ensures that your financial data remains secure and confidential.

Key features include:

-  **User-Friendly Interface:** Intuitive design for easy navigation regardless of skill level.
-  **Enhanced Accuracy:** Automated financial transactions reduce human error.
-  **Time-Saving:** Automation of routine accounting tasks frees up your time for more important business activities.
-  **Scalability:** Adapts effortlessly to the needs of both small businesses and growing enterprises.
-  **Security:** Robust security features ensuring the protection of your sensitive financial data.

Features

Multi-Location Business Operations

Achieve seamless coordination across various business locations with our advanced multi-location business software. Designed to support multiple users in real-time, this online solution ensures every part of your business operates harmoniously. Enhance productivity, streamline operations, and keep your team connected no matter where they are.

Barcoding: Transform your inventory management point of sale activities. Simplify tracking by scanning barcodes with ease, tailoring barcode designs to fit your unique needs, and seamlessly integrating with a variety of barcode scanners.

- Effortless barcode scanning
 - Customizable barcode formats
 - Broad compatibility with multiple barcode scanners
- Enhance efficiency, accuracy, and productivity with our versatile, easy-to-use barcoding software.

Touch Screen: Experience the future of technology with our top-of-the-line Touch Screen software interface. Designed with user convenience in mind, this software boasts unparalleled responsiveness and impeccable touch sensitivity, making every interaction seamless and intuitive.

- Responsive: Delivers quick and accurate responses to every touch.
- User-Friendly: Effortless to navigate with touch-sensitive controls.
- Versatile Compatibility: Works seamlessly with a variety of POS machines.

Mobile App

- Seamlessly responsive and intuitive design
- Highly responsive interface
- Multi-device compatibility
- User-friendly with touch-sensitive controls
- Smooth integration with the admin PC

E-Invoicing: Transform your invoicing process with our cutting-edge e-Invoicing solution designed to streamline compliance with GST regulations. Simplify your Business-to-Business (B2B) and Business-to-Consumer (B2C) transactions with ease and accuracy.

- Automated generation of e-invoices for GST-registered businesses
- Seamless integration with existing systems for hassle-free transitions
- Enhanced accuracy and reduced errors with electronic data entry
- Efficient real-time tracking and validation of invoices
- Compliance with GST law ensuring legal and financial security Revolutionize how you manage your invoices and stay ahead in the fast-paced world of digital transactions.

E-Way Billing: E-Way Billing Software streamlines the complex process of generating electronic way bills for GST-registered individuals and enrolled transporters. This indispensable tool enhances compliance and operational efficiency.

- Automates the generation of way bills as per GST regulations
- Handles supply, goods return, and inward supply from unregistered persons
- Ensures real-time documentation for the movement of goods exceeding specified value
- Reduces manual errors and saves time Experience unparalleled ease in regulatory compliance and goods movement with E-Way Billing.

Analytical Reports: Empower your business with reliable, actionable data through our comprehensive analytical reporting features. Gain insights that drive informed decision-making and strategic planning.

- Pre-Dispatch Inspection Report: Comprehensive assessment of risks, threats, and opportunities before dispatch.
- Pre-Shipment Inspection Certificate: Ensure product quality and compliance with standards before shipment.

BOM (Bill of Material): Manages components and materials for manufacturing. Details all elements, ensuring seamless production and assembly.

- Raw materials
- Parts & Components
- Subassemblies & Sub-components
- Intermediate assemblies

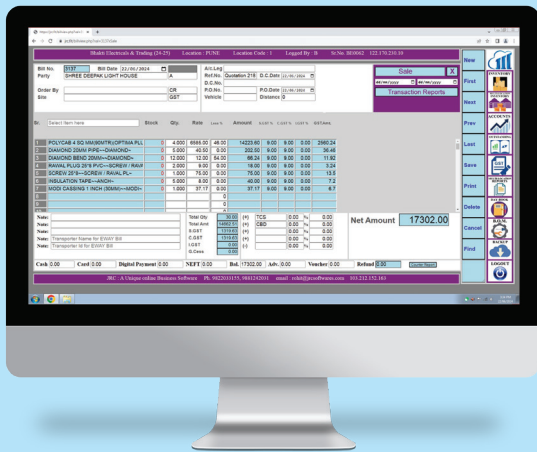

Comprehensive Sales Operations Achieve seamless sales management with a suite of features designed to handle all facets of your sales activities. Whether you need to create and manage quotes, or efficiently process and track sales, JRC software provides you with the tools to do so with ease.

- **Sale:** Simplify your sales process from initiation to completion.
- **Estimate:** Provide accurate and fast estimates to potential customers.
- **Quotation:** Generate detailed quotations swiftly, ensuring clarity and professionalism.
- **Cash Memo:** Maintain precise records of all cash transactions effortlessly.
- **S.O. (Sales Order):** Keep track of all sales orders with systematic and real-time updates.
- **D.C. (Delivery Chalan):** Ensure smooth deliveries with clearly documented delivery chalans.
- **Export Invoice:** Simplify export logistics with detailed invoicing capabilities.

Comprehensive Purchase Management Managing purchases can be a daunting task, but JRC software simplifies the entire process, providing tools to help you keep everything under control.

- **P.O. (Purchase Order):** Streamline your purchase orders to ensure accurate and timely procurement.
- **G.R.N. (Goods Receipt Note):** Track and verify received goods systematically.
- **Purchase:** Manage all purchase transactions with an easy-to-use interface.

Efficient Stock and Distribution Management: From production to stock transfers, every step of your logistic and inventory management is taken care of by JRC software. Keeping your warehouse and distribution channels at optimum efficiency is now a breeze.

- **Production:** Oversee production operations with robust features tailored to manage and streamline your manufacturing process.
- **Stock Transfer:** Execute and track stock transfers across different locations with unmatched accuracy.

Return and Refund Management: Handling returns has never been this straightforward. With dedicated features to manage returns, JRC software ensures that this critical aspect of customer service does not become a bottleneck.

- **P.R. (Purchase Return):** Manage and document all purchase returns systematically.
- **S.R. (Sales Return):** Implement efficient sales return processes, ensuring customer satisfaction.

Comprehensive Financial Management: Manage all aspects of your financial transactions seamlessly with JRC software. From debit and credit notes to contra entries and journal entries, our software supports your financial operations with precision and accuracy.

- Debit Note: Easily manage and keep track of all your debit transactions.
- Credit Note: Handle your credit transactions efficiently.

- Contra Entry: Simplify the process of recording contra transactions.
- Journal Entry: Streamlined process for recording all financial transactions.
- Transport LR: Manage and monitor your logistics records effortlessly.
- Receipt: Manage and record all receipts efficiently.
- Payment: Handle payments with precision, ensuring every transaction is accounted for.

Daybook Keep track of daily transactions effortlessly with the Daybook feature. Record expenses and income with precision, simplifying financial management.

Party/Ledger: JRC software enables you to maintain comprehensive records of all parties & related ledgers. This feature ensures accurate tracking of customer and supplier transactions, enhancing business transparency and relationship management.

- Maintain customer and supplier records
- Accurate transaction tracking
- Enhanced relationship management

Employee Master Manage your workforce efficiently with detailed employee records. This module facilitates the administration of employee data, including roles, responsibilities, and payroll details, fostering a well-organized human resources department.

- Detailed employee records
- Manage roles and responsibilities
- Payroll administration

Item Master: Keep a detailed record of all inventory items with the Item Master feature. This module allows you to track stock levels, items in hand, and manage reorders, ensuring you never run out of essential inventory.

- Track stock levels
- Detailed inventory records
- Manage reorders

User Master This feature ensures that all user data is maintained securely and accessible whenever needed. JRC software supports user-level permissions, ensuring that sensitive information is accessible only to authorized personnel, thereby enhancing data security.

- Secure user data
- User-level permissions
- Enhanced data security

Export-Import: Streamline export-import transactions with our software. Simplify operations, manage finances, and maximize efficiency in international trade.

- Tax Invoice and Packing List: Simplify tax compliance and ensure accuracy in shipment details.
